

# Electronics technician (m/f/d)

Full-time

## Task Area

- You will be responsible for setting up and commissioning electronic assemblies and devices
- You will take care of repairs and service processing
- You will create and optimize assembly and testing instructions

## Profile

- You have completed vocational training as an electrical engineer, e.g., electronics technician for devices and systems, or comparable training
- Ideally, you will have some initial professional experience in the electronics industry
- You are characterized by your systematic, independent, and detailed approach to work
- Openness, teamwork, and communication skills are your strengths
- MS Office skills are desirable

## What awaits you with us

- Of course, you will receive free fruit and drinks, but above all you can expect exciting and varied tasks.
- DH electronics was once again named a kununu Top Company in 2023, making us one of the best employers in Germany.
- With JobRad and EGYM Wellpass, we support you in achieving your fitness goals and create a sporty balance to everyday office life.
- Thanks to flexitime without core hours, you can work when you want as long as you meet deadlines.
- Your new colleagues will support you during your induction and help you settle into the Digital Heroes team.
- Innovation is our passion: that's why we have been recognized as a TOP 100 Innovator twice in a row.
- We take care of your future and offer further training opportunities, child allowance, company pension scheme, team events and more.
